## ***HOST INSTITUTE***

The Institute of Chemical Technology (ICT), better known as the University Department of Chemical Technology is acclaimed globally for its success in education and research in Pharmacy, Chemical Engineering and Chemical Technology. The Institute recently completed 75 years and is committed to nurturing and developing minds for the future of India and the world. Recently the State Government of Maharashtra has conferred on ICT Elite Status and Centre of Excellence. The Department of Pharmaceutical Sciences and Technology (DPST), one of the Institute's major departments, focuses on undergraduate and graduate teaching in Pharmacy and Pharmaceutical Technology. A major strength of the DPST is research in the areas of Drug Delivery, Drug Discovery and Chemical Synthesis, Pharmacology and Biotechnology. As part of the extension activities, DPST regularly organizes series of lectures by eminent scientists from all over the world, as well as seminars and workshops featuring issues of interest to the pharmaceutical industry and academia. This one day seminar is planned as one such activity.

## ***Target Audience***

The target audience includes pharmaceutical and clinical researchers, clinicians, graduate students and scientists from both academia and industry who wish to gain exposure in regulatory affairs.
